INFO FOR STUDENTS AND FAMILIES

WLF UNDERGRADUATE ACCOUNTANT CADETSHIP PROGRAM

Applications for the WLF Undergraduate Accountant Cadetship Program is NOW OPEN. This is a fantastic opportunity for Year 12 students who are undertaking level 3 Accounting in 2022.

- The Cadet will work in a full-time position while undertaking concurrent part-time study towards a Bachelor of Business (Accounting major) at the University of Tasmania
- WLF provide paid time off to attend lectures, tutorials and exams.
- Applications close on Sunday 25 September (midnight)
- If you have any questions, please make contact with us via careers@wlf.com.au.
- Full details about the program can be found on our website

For more information please contact Deb Winton Pathway and Careers Counsellor

END OF YEAR EXAM TIMETABLE 2022

The end of year Written Examination Timetable 2022 is now available [here](#) (click on this link or visit the TASC website).

Faith & Mission

WEEKLY CAMPUS PRAYER

It has been really heartening to have a small but loyal group of students join us for Campus Prayer held each Tuesday morning at Glenorchy Campus and on Friday at Hobart Campus: they bring their perspective and faith to the gatherings and we are the richer for it.

We continue to pray for the Waddington family each week. Last Friday we also remembered Queen Elizabeth II who we acknowledged had a deep faith which sustained her all her life. Our prayer for her was as follows:

Queen Elizabeth II was a woman of great faith. Her belief in her Christian faith sustained her throughout her life and she modelled for us all many excellent virtues of courage in the face of challenge, hard work, loyalty, a sense of duty and great humour. Let us give thanks for the strong women in our lives who have kept us grounded and safe through difficult times in our families. Amen

CLASS MASSES

Despite the shortage of priests in the Archdiocese we have been generously supported by St John's Parish and the Cathedral Parish to ensure each of our Religious Education classes has the experience of a Class Mass. We are grateful for all that has been done by our clergy to ensure that young people are a focus despite the enormous pastoral demands on our priests visiting the sick and elderly along with funerals and parish work.

JUSTICE ACTION COMMITTEES

It has become somewhat of a tradition for our Just Act Committees to attend the annual St Mary's College fundraiser – the St Vincent de Paul Quiz night. With a silent auction and quiz contest, it is always a great night. Please be encouraged to consider making up a table to attend.

RUOK DAY

Last week the Glenorchy Campus celebrated Mental Health Week to coincide with RUOK Day. A variety of activities were undertaken including daily mental health challenges on the bulletin, a Kahoot in tutor, friendship bracelets at lunchtime, uplifting music to move and badminton in the gym. The main events for the week were the Mullets for Mental Health in which Matt Barrow-Thompson received a new mullet hairstyle and Frank Villapana kept him company with a trim. A few staff joined in the fun sporting mullet wigs for the occasion!

Many thanks to Jas from Liverpool Street Barbers and our own Regina Allenby for performing the cuts. We finished the week with a very popular Egg and Bacon Roll lunch.

Faith & Mission

DIY DADS

Faith in Action students have been working with Hobart City Mission's initiative, DIY Dads. A program offering support and accommodation to fathers and their children at risk in our community. Students volunteered at the site throughout Term 3 gardening and painting murals to brighten the space.

STRONG SUPPORT FOR ST VINCENT DE PAUL

This term GYC has provided a range of supports for the Winter Woollies appeal and St Vincent de Paul in general. Our administrative support staff used some time on Moderation Day, within their professional learning time, to offer to cook over 40 meals for the Loui's Van. Many staff and classes have made soup to support the lean supplies due to the illness of regular contributors over winter. Our Winter Woollies clothing drive has been very successful with a House point for each donated item. It is not too late to have one last rummage through the cupboards - collection next week.

Mrs Simone McManus and Ms Kylie Sullivan
Directors of Faith and Mission

TASMANIAN TRAINING AWARDS

The VET Department is very excited and proud to have had three current students and one staff member named as finalists in their respective categories in the 2022 Tasmanian Training Awards.

Both Olivia Cummins and Cameron Clark were named as finalists in the VET in School Student of the Year category; Blair Manton was a finalist in the School-Based Apprentice/Trainee of the Year category and Rod Larcombe, our VET Construction teacher and TTC Manager, was a finalist in the VET Teacher/Trainer of the Year category, amidst a huge number of nominations.

This is the first time for GYC that representatives from the industries of Individual Support and Engineering were named as finalists.

Further to this, the College's IT Trainee, George Dellas, was a finalist in the Trainee of the Year category. George has completed his Certificate IV in Information Technology.

Old Scholar, Lucy Hegarty, who studied VET Hospitality, Tourism and Business at our College in 2019 and 2020, was also a finalist in this category as she completes her Certificate III in Business. Lucy's host employer is Work & Training.

Another Old Scholar, Brady Hayden, who undertook VET Construction at GYC RTO in 2016-17, was named as a finalist in the Apprentice of the Year category. Brady's host employer is Taurus Construction.

The winners of the training awards were announced at a presentation dinner held at Wrest Point on Friday, 9 September.

We warmly congratulate all our representatives; and whilst they weren't awarded the ultimate prize, to be named as a finalist is a major achievement in itself and one of which to be immensely proud.

VOLUNTEERING WITH VINNIES – A PATHWAY TO WORK READINESS

Students from our Work Readiness class have been undertaking weekly three hour shifts at St Vincent De Paul's Op Shop completing a range of duties including sales, customer service, archiving, stocktake, pricing and more.

Students undertake work experience as part of their program to build the skills and behaviours that are necessary for any job. According to The Guardian (2021), 75 percent of employers say that adding volunteer work on a resume boosts a job applicant's chances. Volunteering on a regular basis gives student a chance to prove that they are reliable, hard-working, willing to learn, and interested in going above and beyond.

Ms Sarah Young

Teacher

CAREER NEWS

TASTAFE

Mocktails anyone? It was great to have TasTAFE Drysdale come to both campuses and promote their courses at Drysdale. Students took up the opportunity to practice making mocktails, which was great fun for all involved. Students also learnt the important requirements needed to work in the Hospitality industry. TasTAFE Drysdale is hosting free Bar and Restaurant courses in the school holidays for Year 11/12 students - places are limited and you must book.

AUSTRALIAN MARITIME COLLEGE (AMC)

The Australian Maritime College (AMC) visited the Hobart Campus and spent time talking with students about careers and study options available at the Australian Maritime College.

The AMC is ranked 3rd in the world for its maritime courses and degrees – that is a huge endorsement. If you love being on or around water come to the careers room and find out about the latest offering at the AMC.

SUBJECT SELECTION

If you are confused about your subject selections for Year 12, book a career counselling appointment with me (Deb Winton) through SIMON. Exploring your career interests will make it easier to map your subject selection. A career conversation is an advantage to work out your career ideas.

Deb Winton

Pathways and Careers Counsellor

FOOD AND NUTRITION

Last week the Hobart Food and Nutrition students swapped their school shoes for boots and set off to Glen Huon to get a first-hand experience of regenerative agriculture in action at Valleyfield Farm.

As part of the Global Food Issues Unit, the students have been exploring sustainability issues within the food system and investigating the impact that food production has on the environment. A major focus has been the impacts of industrial agriculture and the ways that regenerative farming can be used to achieve a more sustainable food system. 5th generation farmer Marshall Roberts spoke with the students about his philosophy of farming before we headed out for a walk around the property. Students undertook experiments to assess the differences in soil health and water retention between ecologically and traditionally grazed pasture and watched the main herd of cattle being moved to new pasture. Bonnie the border collie also kept us entertained with her calf mustering efforts.

The excursion concluded with a picnic lunch on the banks of the Huon River. Thank you to all the students involved, staff member Sarah Young for accompanying students and to Marshall and Meredith for hosting us.

Rebecca Hughes

Food and Nutrition 3 Teacher

MUSIC TECHNOLOGY PROJECTS

Music Technology Projects – a UTAS connections course that is a must do if you like music. You do not need to know how to perform but if you do it is a bonus to be able to record yourself.

You do not do an exam, there are four modules, two of which are assessed with an interview with your teacher (me, Mrs Moore) and UTAS staff who you will already know because they come in and meet you and get to know you before your assessments. The other two modules are assessed by your teacher.

GYC students typically do well at this subject. ATAR scores are generally high with HD students receiving an ATAR of between 22-23, Distinction between 16-17 and so on. No students at GYC have received lower than a Pass standard for this course in the past 5 years. Another great aspect of this course is that you are provided with entry to study UTAS music with a pass standard in Music Tech Projects 1 – we have three students enrolled in UTAS music in 2023 as a result of this course – two have already been offered placements.

What do you do – Module 1 Get to know the gear podcast, Module 2 Recording of a small ensemble or an Electronic composition Module 3 Multitrack Recording of a band or a Remix and Module 4 free choice from a number of options.

Exciting news for 2023 – our new facilities will be complete by the end of 2022 – an amazing purpose built Music Technology Studio, with dedicated drum and recording booths. Industry standard DAW's (Digital Audio Workstations) DANTE (State of the Art Digital Audio Networking from anywhere in the school), Microphones, Monitor speakers, etc. etc. I can proudly boast that in 2023 we will have the best facilities of any College in Tasmania.

You may not find this subject on the course list but please email me (jmoore@gyc.tas.edu.au) so we can ensure this great class runs in 2023.

ARC NEWS

ARC NEWS

We have had some staff changes in the ARC recently. Firstly, we have farewelled our Glenorchy ARC Assistant, Leanne Weeks, who has moved back up north to be closer to her family. Leanne is to be replaced by two very highly skilled staff members: Trine Hooper, who will now be in the ARC three days per week, and Rose Seddon, who will be undertaking some casual work with us until the end of Term 3. Both Trine and Rose have extensive library expertise and are student-centred in their approach to support and we are very pleased to welcome them to our team! Also, our wonderful Hobart ARC Assistant, Rachel Clark, is soon to be heading off on maternity leave. We are, however, very excited to announce that the brilliant Dr Amanda Moran has now joined us! Dr Moran – or “Doc” as the students like to call her – will be offering specialist ARC support to staff and students across both campuses and working with me on a range of new research projects and initiatives.

As we approach the business end of the year, we would like to remind students and staff that we are here to support you! Our

ARC team not only have extensive expertise in research, referencing, and writing but are also able to assist with exam revision and the development of study skills. We will, therefore, be opening the Glenorchy ARC to all GYC students wishing to find a quiet supportive environment in which to prepare for their exams during the first week of the school holidays, **opening hours will be from 9.00am-3.00pm Monday 3 to Friday 7 October.**

Please feel free to contact me via email if you would like any more information about our holiday opening hours or to find out more about how we can assist dhall@gyc.tas.edu.au

GYC IN THE OUTDOOR EDUCATION FINALS!

GYC has been named a finalist in not one but TWO categories in the Outdoor Education Australia Awards!

We are in the running for Outdoor Education Program of the Year and Mr Thomas Calderwood has been nominated for Outdoor Education Practitioner of the Year!

This is a huge achievement for the College!

Click the links below to watch two videos put together on the finalist categories and to see just how awesome Outdoor Education is at GYC!

Outdoor Education Program of the Year - <https://www.youtube.com/watch?v=odprhgslsUY>

Outdoor Education Practitioner of the Year - <https://www.youtube.com/watch?v=S4YsceKbh70>

WOMEN IN AUTOMOTIVE - MEMBER OF THE MONTH!

Congratulations to past GYC student, Maskia Green, on being featured in this months Women in Automotive story.

Masika commenced her VET studies at GYC in 2017 and soon displayed a passion and determination which would enable her to forge a successful career in the Automotive industry.

In 2017, Masika gained her Certificate I in Automotive Vocational Preparation, and seven units of competency in her Certificate II in Engineering Pathways course.

Masika chose the automotive industry for her VET studies, because she grew up riding dirt bikes, helping people work on cars and always enjoyed hands on tasks rather than sitting in an office or classroom all the time. She loved the theory aspect of her studies just as much as the practical.

(Excerpt from VET in Schools Case Study - Maskia Greem by Rosemary Mann)

Congratulations, Maskia! It is so great to see you continuing on a pathway you are passionate about!

Read the full story from Women in Automotive here - <https://www.womeninautomotive.com.au/masika-green-member-of-the-month>

Badminton	Girls	Div B	Imogen Brown				

Sports News

EQUESTRIAN

On Sunday 4 September the College had three risers who competed in the 2022 Inter School Horse Trials, One Day Event, Ayla Barton, Tyla-lee Hepburn and Hayley Browning. GYC and St Aloysius were the only two schools who didn't have a composite team. They all rode extremely well, and the girls represented their College proudly, coming 1st place in the Anne Sutherland College Trophy and 3rd place in the Sutherland Trophy. The College would like to thank the riders and their parents for their involvement in this great event.

SOUTHERN SATIS CARNIVAL

The Southern SATIS Athletics Carnival was held at the Domain Athletics Centre on Tuesday 6 September. The GYC Team lead were highly motivated, supportive of each other and willing to compete in a variety of events. They were also extremely successful and every result contributed to the GYC winning all three shields: College Girls, College Boys and College Co Educational. Kylie Sullivan, Peter Di Venuto and Mel Brown were extremely proud of everyone's efforts and achievements and thank everyone who was involved. Max Brideson did particularly well, breaking Jacob Despard's 2014 100m record, running an exceptional 10.85 seconds.

Outstanding results were achieved by:

- Javelin: Ky Nichols 1st, Ollie Kelly 3rd, Brooke Barwick 1st, Lauren Shelton 3rd
- Shot Put: Ollie Kelly 1st, Lauren Shelton 2nd, Ash Turner 3rd
- Discus: Hugh Sansom 1st, Xavier Connor 3rd, Lauren Shelton 1st
- Triple Jump: Camden Clark 2nd, Ella Coad 2nd, Olivia Read 3rd
- High Jump: Baily Grubi 1st
- 100m: Max Brideson 1st (Record), Sam Sainsbury 3rd, Ella Coad 1st, Anita Elnami 2nd
- 200m: Max Brideson 1st, Xavier Connor 3rd
- 400m: Frank Villapana 3rd
- 800m: Luke Brown 3rd
- 1500m: Haney Mokonen 2nd, Caleb Devine 3rd, Georgia Clark 3rd
- 3km: Haney Mokonen 2nd
- Open Boys Relay: Brideson, Sainsbury, Connor & Villapana 1st,
- Open Girls Relay: Coad, Elnami, Shelton & Read 1st

Sports News

CYCLING

The Tasmanian All Schools Road Cycling State Championships were held at Symmons Plains Raceway earlier this month. Felicity Wilson-Haffenden is a dedicated cyclist who frequently travels to Launceston for training and competition. Her successful cycling journey continues as she won both the Open Girls Time Trial and the Criterium State Titles.

VOLLEYBALL

After an enjoyable season with three teams playing the SSATIS Boys Volleyball Roster unfortunately after two of the teams making the semi-finals it didn't go GYC's way on the day. The College would like to thank all the boys for playing and to past students Joseph Kelly for his coaching and Bec Flinn for umpiring along with the staff Ms Jo Legosz, Ms Sarah Banks, Mr Stephen Bray and Mr Jeff Briscoe.

COLLEGE STATE BASKETBALL CHAMPIONSHIPS

Two brilliant performances by our 1st Boys and Girls Basketball teams in the State Championships over the weekend saw GYC earn the right to compete in the National Championships at the Gold Coast later in the year. Both teams went undefeated across the two days. The girls were untouchable in the tournament winning the final 70-21 against St Patricks College.

The boys won a thrilling final against Launceston College with Jordan Straatsma getting a crucial steal with 2 points down and only 8 seconds remaining on the clock. He then passed the ball to Xavier Clarke who sank a 3 pointer from the corner to put GYC ahead with 2.4 seconds on the clock. The boys held off any late shot from LC to win 74-73 in an awesome game of college basketball. Congratulations to both teams on their performances. Thank you also to GYC staff Morgan Rosenboom, Sonya Bacic and Ramon Jacobs for managing and coaching the teams, parents who scored and to our boys coach Izaac Collins for his continued support of GYC basketball.

Sports News

NETBALL

The strength of GYC netball was evident with two GYC Division 1 Netball Teams finishing 1st and 2nd in the SSATIS competition. Both teams had a great season demonstrating determination, excellent skill, teamwork and enjoyment throughout the season. The Grand Final did not disappoint and was a joy to watch. The GYC Gold Team will now play in the State Final on Wednesday 28 September.

In the Division 2 competition, GYC Yellow and GYC Red have also made the finals finishing in first and second place on the ladder and will play on Monday 19 September. Congratulations to GYC netballer Ella Rainbird on her selection to umpire a Netball Club Grand Final.

Sports News

SOCCER

The Boys 1st XI team continued their undefeated season accounting for the Hutchins School in a shoot-out 9 goals to 5. Their spirited display of attacking soccer followed on from their 27-0 win against Friends a week earlier, which opened the door for our second Division one Team, GYC Navy to make the southern SATIS Final. The GYC Navy side were up against The Friends School after their own fine 2-1 victory against The Hutchins school a week earlier, with Dawa Korman Ojulu striking the ball past the keeper to seal the win. The GYC Navy side were unstoppable against Friends and their 12-0 win sets up an all GYC Southern SATIS Final. Well done to both teams.

CONGRATULATIONS

Bayley Aziz on his selection as an official referee at the 2022 National Youth Touch Football Championships to be held at Sunshine Coast in Brisbane.

GIRLS RUGBY

The Girls Rugby concluded on Friday. With an impressive win in their first game for the night the GYC Team went on to play in the Grand Final. As they were faced with a composite team of the best players from two clubs, it was always going to be a tough game. Coached by Rhys Watts the team could not have had a better person to take on this role. His inspiring and informative coaching and belief in the players was apparent for every game. The GYC players have been very fortunate to receive such quality coaching. Ms Olivia D'Crus and Captain Anna Cosentino were both equally passionate and dedicated in their roles as Manager and Captain. The College would like to thank Rhys, Olivia and the experienced players willing to play for the College and the students who embraced a new sport.

Mrs Mel Brown and Mr Peter Di Venuto

Sports Coordinator and Assistant Coordinator of Sport

Will YOU be starting grade 11/12 in 2023?

Are you *unsure of what you want to ‘do’ when you finish school?*

Why not consider a School-Based Traineeship with the Department of Natural Resources and Environment Tasmania?

As a school-based trainee at the Department of Natural Resources and Environment Tasmania (NRE Tas) not only will you acquire skills, training, and experience but once you complete the program, you'll have a nationally recognised qualification, and you'll get paid too! All while achieving your TCE.

NRE Tas is an exciting and very diverse Department of the Tasmanian Government, and we operate state-wide in activities ranging from implementing systems to support our volunteer program, to protecting, monitoring, and managing Orange-bellied Parrots to developing a Rural Water Use Strategy, to list just a few!

This year we're looking for students from across Tasmania who are interested in school-based traineeships to start in February 2023, in:

- administration/workplace skills
- animal care
- water industry operations

If you want to apply or find out more visit the [School-based Traineeships](#) page via the [Career Pathways](#) section of www.jobs.tas.gov.au.

We look forward to meeting you soon!

gyc.tas.edu.au
